Meiji Shipping Joins Rio Tinto's DOO (Designated Owners & Operators) Program

Meiji Shipping Group entered into an agreement with Rio Tinto to participate in the Designated Owners & Operators (DOO) program.

The program's goal is to significantly enhance safe operations onboard, improve crew welfare, and achieve zero fatalities. The Meiji Shipping Group is dedicated to reaching zero incidents and is actively working towards this through various robust activities and campaigns. By joining the DOO program, we are further cementing our position as a leading ship manager, prioritizing crew welfare, and ensuring the safe and efficient management of our vessels.
